## MEMORANDUM OF UNDERSTANDING

BETWEEN

**H. V. P. Mandal's, Degree College of Physical Education, Amravati.**

AND

**SANT GADGE BABA AMRAVATI UNIVERSITY, AMRAVATI**

**To Establish All India University Sports Information System (AIUSIS)**

This Memorandum of Understanding entered into on 26.10.2010 between H. V. P. Mandal's, Degree College of Physical Education, Amravati (herein after referred to as DCPE), an Autonomous College affiliated to SANT GADGE BABA AMRAVATI UNIVERSITY, AMRAVATI and Sant Gadge Baba Amravati University (herein after referred to as SGBAU) desiring to establish a web based information system for sports competition organized at Inter-University level (herein after referred to as AIUSIS).

**Preamble:** The Universities organize inter-collegiate sports competitions as a part of its regular activities, further; the universities which are member of Association of Indian Universities organize the Inter-University sport competitions. The different Universities are given responsibility to organize the competitions in specific game and other universities participate in the competitions. Therefore at the place of competitions the organizers are required to verify the personal record of the player, seek assistance of professional experts from other universities and professional bodies to conduct competitions, prepare grounds and equipments, publish the schedule of competition, generate result of the competition, circulate the report of competition to all associated Universities etc. In present scenario there is no information center in existence that maintain and provides the information regarding the above mentioned aspects. The Information system for this purpose if established; It could be used by the Universities and will also prove helpful to the professional experts, players, Media, Sports Industries, professional sports bodies, placement centers and sports analysts.

The Sports policy of India has emphasized the need of incorporation of private bodies and corporate houses in the promotion of different sports disciplines. It also emphasized the creation and maintenance of sports infrastructure and use of latest technologies. The information science plays crucial role in the process of gathering and dissemination of information at right time at right place in the right way. The sharing of resources like sports infrastructure, expert services and information like: rules and regulations, criterion, details about games, personal information of player and expert, organization's information etc. is very important for the development of sports in India.

#### **1.Objectives :**

DCPE and SGBAU will undertake joint project to establish and run a web based information system for the sports competitions organized at Inter-University level, it also hold and cater information about allied aspects of sports. The concerned faculty members of DCPE and corresponding Staff and faculty members of SGBAU will formulate a strategy for the implementation of AIUSIS with due approval of both the institutions.
