कृषी उद्योजक व कृषी पुरक उद्योग निर्मिती

Unit - I : कृषी आधारित उद्योग

१. धान्य साठवण गोडावुन
२. दालमिल
३. बिज प्रक्रीया-धान्य सफाई/पॅकींग केंद्र- D.M.Mahabeej/NSC
४. दुग्धव्यवसाय -गाई म्हशी पालन -
५. बकरी / शेळी पालन
६. कुक्कुटपालन
७. शेडनेट हाऊस उभारणी/पॉली हाऊस - Prof. C.M.Deshmukh, Shri.shivaji Agri college, Amt.
८. ऑईल मिल
९. शितगृहे
१०. फळ प्रक्रीया - Mrs.C.B.Kakade KVK Durgapur
११. नविन फळबाग लागवड - Prof. Anil Sabale, S.S.Aagri.college,Amravati
१२. नियंत्रित फुलशेती/ भाजीपाला उत्पादन
१३. सेंद्रीय शेती उत्पादन
१४. कृषी पर्यटन - Bharat Mahalle, Amravati
१५. रोपवाटिका संगोपन - Suhas Mahalle
१६. भाडेतत्वावर अद्यावत कृषी अवजारे, उपकरणे यंत्रसामुग्री पुरवठा - Dr. P.S.Jayale
१७. शेतीकरी गट शेती
१८. धान्य बाजार प्रदर्शन महोत्सव आयोजन - Ravi Patil, Krushi Samruddi
१९. गोडया पाण्यातील मत्स्यशेती - Agri Fishry officer Agri Amravati

Unit - II : कृषी उद्योग निर्मिती

१. बाजार सर्वेक्षण - Principal S.S.Deshpande, Friends Colony V.M.V Road Amravati
२. बाजारपेठ उपलब्धता -
३. बाजारातील मागणी,बाजार भाव साठवण सुविधा इत्यादी
४. भांडवली कर्ज पुरवठा - Dr. Pannikar AGM NABARD, -८१४९९४७९०३
५. अनुदान /अर्थ साहाय्य योजना

Unit - III : प्रकल्प आराखडा तयार करणे

१. प्रकल्पांचे स्वरूप व उद्देश
२. प्रकल्पातील घटक
३. प्रकल्पांसाठी अर्थ साहाय्य
४. भांडवली खर्च परतफेड
५. नफा : तोटा पत्र इत्यादी

DIRECTOR
Department of Lifelong
Learning & Extension
Sant Gadge Baba Amravati University

Unit - IV : कृषी प्रकल्प उद्योगास अनुदान/साहाय्य देण्यास संस्था

१. राज्य केंद्र योजना कृषी विभाग जि.प.कृषी विभाग - Anil Khanchan
२. सहकारी / राष्ट्रीय बँक - NABARD/Vijay Tiwari Dy.Manegar,SBI Agri Branch
३. राष्ट्रीय बागवाणी बोर्ड
४. खादी ग्रामोद्योग बोर्ड
५. विनाबँक कृषीपत कर्ज देण्याच्या संस्था
६. समन्वयीत कृषी विकास कार्यक्रम(केम प्रकल्प)
७. आत्मा
८. महाराष्ट्र उद्योजकता विकास मंडळ
९. परस्पर करार शेती संस्था सुतगिरणी /साखरकारखाने

Unit - V : कृषी पुरक उद्योग निर्मिती उत्पादने विक्री,जाहिरात पॅकींग मागणी पुरवठा इत्यादी पणन विषयक उपक्रम

१. जाहिरात- कृषी प्रदर्शने शासकहय संस्थाना पुरवठा मॉल तसेच उत्पादक ते ग्राहक थेट विक्री व्यवस्था
२. करार शेती नुसार खरेदी व त्यामधुन कर्ज वसुली हमी

Unit - VI : प्रशिक्षण कार्यक्रम :-

१. वित्तीय पुरवठा संस्था
२. अनुदान / अर्थसहाय्य संस्था
३. कार्यप्रणाली तपशील लाभार्थी पात्रता इत्यादी
४. अर्ज व थेट बँक खात्यांत कर्ज व अनुदान अथवा अर्थसाहाय्य वर्ग करण्याची कार्यप्रणाली संगणक ज्ञान

Unit - VII : प्रात्यक्षिक

- | | | |
|--|---|---------|
| ■ प्रत्यक्ष कार्यानुभव | } | १ आठवडा |
| ■ शासकिय संस्था भेटी | | |
| ■ बाजार सर्वेक्षण | | |
| ■ ऑनलाईन प्रकल्प/ अर्ज प्रणाली प्रशिक्षण | } | १ आठवडा |

 Learning & Extension
 Sant Gadge Baba Amravati University

		<p>Knowledge of company policies and procedures for checking who owns and to work out accurately the balance the customer is required to pay.</p> <p>Ability to accept or refuse the customer's offers according to company policies and discretion and end the transaction politely. Knowledge to assess correct amount to pay and check accurately the amount and means of payment offered by the customer. Ability to process the payment in line with company procedures, if payment is acceptable or tell the customer tactfully, when payment cannot be approved. Knowledge to record payments accurately and store payments securely. Writing skills, reading skills, oral communication skills and professional skills relevant to the job.</p>
CFC 5	Process Payments and Cash and Credit Transactions	<p>Ability to accurately identify the price of purchases and promptly sort out any pricing problems by referring to pricing information. Ability to get advice promptly from right person and work out accurately the amount the customer should pay. Knowledge of relevant rights, duties and responsibilities relating to the goods sold. Technical knowledge of common methods of working out payments including point-of-sale technology, electronic calculators and Electronic Data capture (EDC) Machines etc. Knowledge of company guidelines for setting customer credit limits. Ability to periodically check customer accounts accurately to ensure that payments are up to date. Knowledge to investigate reasons for and accurately record findings. Ability to identify customers who go over their credit limits and act promptly within company guidelines to deal with such customers and report to the right person the results of the action to be taken to deal with such customers. Ability to check that payments from customers are valid and accurate and record payments promptly and accurately. Ability to record the reasons why payments are overdue and identify problems accurately and sort them out promptly. Knowledge to check that charges and credits made to the customer accounts are correct and identify and sort out problems with customer accounts. Knowledge of legal rights and obligations of customers and retailers in relation to credits. Writing skills, reading skills, oral communication skills and professional skills relevant to the job.</p>
CFC 6	Process Returned Goods	<p>Ability to check clearly and politely with the customer what goods they want to return and their reasons. Knowledge of legal and company requirements for offering replacements and refunds and to explain clearly and politely these to the customer including the proposed action and any charges applicable. Knowledge of company procedures for the replacement goods to be sent out to explain to the customer the arrangements for returning the unwanted goods. Knowledge to check accurately the type, quantity and condition of returned goods and give complete information to the person who can raise a credit note or refund the payment. Knowledge of stock control system Writing skills, reading skills, oral communication skills and professional skills relevant to the job.</p>
CFC 7	Maintain Health and Safety	<p>Ability to notice and correctly identify accidents and emergencies.</p> <ul style="list-style-type: none"> • Knowledge of company policy and procedures for

 DIRECTOR

		<p>preventing further injuries. Ability to act within the limits of your responsibility and authority in case of accidents and emergencies and follow instructions given by senior staff and emergency services. Knowledge in the use of safety equipment. Knowledge of approved lifting and handling techniques and use of equipment in line with company guidelines and manufacturer's instructions. Ability to plan a safe and efficient route for moving goods.</p> <p>Writing skills, reading skills, oral communication skills and professional skills relevant to the job.</p>
CFC 8	Creating Positive Image of Self and Organization in the Customers Mind	<ul style="list-style-type: none"> Ability to meet organization's standards of appearance and behavior. Ability to greet your customer respectfully and communicate in a way that makes them feel valued and respected. Ability to identify and confirm your customer's expectations and treat them courteously and helpfully at all times. Ability to keep your customer informed and reassured. Knowledge to respond promptly to a customer seeking assistance and select the most appropriate way of communicating with them. Ability to give your customer the information they need about the services or products offered by the organization. Writing skills, reading skills, oral communication skills and professional skills relevant to the job.
CFC 9	Work Effectively in Retail Team and Organization	<ul style="list-style-type: none"> Ability to display courteous and helpful behavior at all times. Ability to complete allocated tasks as required and seek assistance when difficulties arise. Ability to use questioning techniques to clarify instructions or responsibilities. Knowledge of appropriate dress code and presentation as well as personal hygiene procedures. Ability to interpret, confirm and act on legal requirements in regard to anti-discrimination, sexual harassment and bullying. Knowledge of employee rights and obligations. Ability to share work fairly with colleagues and make realistic commitments to colleagues. Ability to encourage and support colleagues. Knowledge of company's health and safety procedures, Knowledge and skills to achieve goals and regularly checking the progress and obtaining feedback on progress. Ability to give clear, accurate and relevant information and explain and demonstrate procedures clearly, accurately and in a logical sequence. Knowledge of team's purpose, aims, targets and responsibilities. Writing skills, reading skills, oral communication skills and professional skills relevant to the job.
CFC 10	On the Job Training	<ul style="list-style-type: none"> On the job skill by working with a retail organization Acquire basic experience and knowledge for various activities in retail operations.

Note: For a PASS-A Student would require to secure 50% for both Theory and Practical/Training.

Books Recommended :-

- 1) Life of a Cashier – L. Benoill
- 2) Balance of Payments adjustment – Sidney Dell, Roger Lawrance

(Section-B)
Soil Testing and Analysis

Max. Marks : 40

Unit – I : Importance of Soil Testing and Analysis

Unit – II : Sample Collection and Processing Purpose of Soil testing and analysis, selection of field, Method of Soil Sample collection Methods of soil sample processing, precautions during soil collection & processing, Preservation labeling and Storage of soil samples, various types of tools used for collection.

Unit – III : **Study of Instruments:** Brief study of instruments : PH Meter, Conductivity meter, spectrometer, UV-Spectrophotometer, (Calibration, Instrumentation, applications only) use of soil testing kit and mobile soil testing van. Kjeldahl's Assembly for determination of nitrogen.

Unit – IV : **Study of Laboratory Setup** Laboratory Layout, Built up area, Laboratory requirements, working pattern, budget requirement, trained manpower, various funding schemes and agencies.

Unit – V : **Soil Test Report & Fertilizer Recommendation :** Preparation of Soil analysis and test report, Fertilizer recommendation, preparation of soil test summaries and fertility maps.

Books Recommended (Books suggested for Reading) :

1. Soil Sampling, Preparation and analysis, Marcell Dekker, Inc, New York.
2. Soil Sampling and methods of analysis, carter M.R. and E.G.Gregorich, 2007, 2nd Ed..
3. Methods of soil analysis, Part, American society of Agronomy Inc., Kuete, A.Et.at., 1986.

DIRECTOR

Learning & Extension
Sant Gadge Baba Amravati University

Syllabus Prescribed For
Certificate Course in Soil Testing
(Section-A)
Introduction to Soil Science

Max. Marks : 40

- Unit – I :** **Introduction:**
Definition of Soil, Concept of Lithosphere, Soil as a natural body, Soil Components: Air, Water, inorganic and organic solids, Formation of Soil, Types of Soils & Basic Concepts.
- Unit – II :** **Properties of Soil:**
Introduction to properties of Soil:
A) Physical Properties :-
Soil Separates, Texture, Aggregation and Structure, Temperature, Colour, Properties of Soil Mixture, Pore Space, Bulk Density, Particle Density, Aeration and Drainage, Compaction, Surface area, Soil water relationships.
B) Chemical Properties :-
Morphology of Colloids, Chemistry of Clays, Ionic Exchange, Acidity, Alkalinity, pH, Salinity, Reactions in Liming and Acidification.
C) Biological Properties :-
Soil Organic Matter, C: N Relationships, N-Transformation, Soil Organisms, Sulfur Transformation.
- Unit – III :** **Fertility Status of Soils**
Fertility status of soils, soil deficiency with respect to macro and micro nutrient components, brief study of micronutrient & macronutrient sources & Importance, remedial measures to overcome deficiency.
- Unit – IV :** **Soil Profile & Classification**
Soil profile, Soil forming factors, soil survey methods, soil survey reports, soil distribution, classification system.
- Unit – V :** **Conservation and Management**
Drainage, Soil erosion, types of Irrigation, Land use Classification, Plant & Animal waste, Municipal & Industrial by products & their impact, nutrient loading, tillage system, wetlands.

Books Recommended :

1. Soils and soil fertility, Troch, F.R. And Thompson, L.M. Oxford Press.
2. Fundamentals of soil science, foth, H.D. Wiley Books.
3. Soil Science and Management, Plaster, Edward J., Delmar Publishers.
4. Principles of Soil Chemistry (2Wed.) Marcel Dekker Inc., New York.
5. Handbook of Agricultural Sciences, S.S.Singh, P.Gupta, A.k.Gupta, Kalyani Publication.

DIRECTOR
Department of Lifelong
Learning & Extension
Sant Gadge Baba Amravati University

PRACTICALS

Soil Analysis & Testing Methods

1. Visit to Soil Testing Laboratory & Report writing.
2. Visit to Farmers Fields for Collection of Soil Samples, identification of nutrient deficiency Symptoms in Crop.
3. Preparation of Various Chemical reagents required for soil testing.
4. Processing of Soil Sampling for analysis
5. Determination of PH of soil sample using PH meter
6. Determination of Electrical Conductivity of Soil Sample using Electrical Conductivity meter.
7. Determination of Organic Carbon by wet Oxidation method.
8. Determination of available Nitrogen from Soil Sample.
9. Determination of available phosphorus from soil sample.
10. Determination of available Potassium from soil sample.
11. Determination of Calcium Carbonate from soil sample.
12. Determination of micronutrients from soil sample.
13. Determination of lime requirement of deiclic soil.
14. Determination of Gypsum requirement of Soil.
15. Preparation of soil test report, Interpretation of result and fertilizer recommendation.
16. Preparation of soil test summaries and fertility maps.
17. Preparation of Soil Health Card.
18. Use of Various soil testing kits and working of mobile soil testing van.

Books Recommended:

1. Introduction to soil laboratory manual -J.J.Harsett stipes.
2. Introduction to soil science laboratory manual, Palmer and troch - Iowa state.

Learning & Extension
Sant Gadge Baba Amravati University

Syllabus Prescribed For
Certificate Course in Textile Chemical Processing

Introduction to Chemical Processing

Max. Marks : 80

Unit – I : Introduction: Sizing, Desizing & Singeing

Basic knowledge about various aspects of Desizing, Chemicals and enzymes, function and operation of the machines to get optimum production., Importance of Desizing of fabrics, Details of the machine, Knowledge of chemicals used, Basic knowledge about various aspects of Singeing machine function and operation to get optimum production, Importance of Singeing of fabrics.

Unit – II : Fabric Mercerising & Jigger Machine Operator:

- A) Basic knowledge about various aspects of Mercerising machine function and operation to get optimum production, Importance of Mercerising of fabrics, Details of the machine, Knowledge of chemicals used.
- B) Importance of dyeing of fabrics in open width, Basic knowledge about various aspects of Jigger and Jumbo Jigger machine, function and operation to get optimum production, Details of the machine, Knowledge of colours and chemicals used, Quality of work.

Unit – III : Yarn Dyeing & Pre-shrinking

- A) Importance of dyeing of yarns in cheese form, . Basic knowledge about various aspects of yarn dyeing in cheese form and Beam form, Details of the machines, Knowledge of colours and chemicals used.
- B) Basic knowledge about various aspects of Pre shrinking machine, function and operation to get optimum production, Importance of Pre shrinking of fabrics, Details of the machine, Knowledge of chemicals used.

Unit – IV : Stenter & Continuous Bleaching Plant Machine Operator

- A) Basic knowledge about various aspects of Stenter machine, function and operation to get optimum production. Different types of hot air stenters viz Clip Stenter, Belt Stenter and Pin Stenter, Importance of finishing and drying of fabrics, Details of the machine, Knowledge of chemicals used.
- B) Basic knowledge about various aspects of Bleaching plant, function and operation to get optimum production, Importance of Bleaching of fabrics, Details of the machine

DIRECTOR
Department of Textile
Learning & Ex. ...
Maha Amavathi University

Unit – V : Safety, Security & Discipline

- A) Importance of cleanliness and personal safety, Fire fighting and First aid, Safety gadgets in a spinning factory, Precautions to be taken while working, importance of disciplines at work.

Books Recommended :

1. Textile Chemical Processing – M. Gupta, Marcel Dekker Publisher
2. Textile Processing and Properties : Preparation, Dyeing, finishing and performance – Tyrone L. Vigo, Elsevier
3. Safety Management – Chetan Prakashan
4. Industrial Safety by – Chetan Prakashan
5. Disaster Management by Institute of Fire & Safety Science

PRACTICALS

1. Visit to Weaving Mill & Report writing.
2. Understanding documentation and reporting formats.
3. Understanding guidelines for storage and disposal of waste material
4. Understanding the Process and material flow in Textile mill
5. Understanding the importance of fibers, types of yarn, yarn count, types of sliver, sliver hank, importance of sliver and roving quality.
6. Preparation of desizing solution.
7. Taking chemical, steam, water, Temperature control and pH control
8. Piling of desized fabric in bins
9. Pouring of petrol to the tank
10. Adjusting the flame length
11. Maintaining cold water level in quenching machine.
12. Monitoring the water, chemicals and dye feeding.
13. Temperature control of dye bath
14. Stocking dyed batches properly
15. Adjusting and maintaining speed of running and reversing
16. Sampling out for shade matching.
17. Monitoring the dyeing and washing cycles, water, chemicals and dye stuff additions, temperature, time and pressure.
18. Unloading the dyed materials and sending for further process.
19. Heating and cooling of cylinder and rubber felt
20. Feeding of the fabric to the machine
21. Pressure control of the felt on cylinder
22. Adjusting and maintaining speed
23. Examining the delivered cloth for feel and width uniformity

Syllabus Prescribed for Certificate Course in Retail Sales

Associate

Max. Marks-80

This program is aimed at training candidates for the job of "Store Sales Assistant / Retail Sales Associate are" in retail sector and aims at building the following key competencies amongst the learner:

1. Knowledge required to effectively display stock to promote sales.	2. Set up and dismantle the display safely, in line with plans and within the time allowed.
3. Maintenance of cleanliness and management of the equipment, material and extra products	4. Ensure that all information on the label is clear, accurate and legal before starting to label stock.
5. Identification of the purpose, content and style of the display.	6. Create new and effective ways of improving the visual effect, within limits of design brief,
7. Ensure that the features of merchandise and props shown in the design brief are those most	8. Create displays that achieve the visual effect needed and are consistent with the company's
9. Check that the display meets requirements for easy access, safety and security.	10. Knowledge required to effectively dismantle and store visual merchandising displays
11. Identify damaged items, missing items and dangers and risks to health and safety, and report	12. Use safe work methods and follow manufacturers' instructions when putting
13. Learn the skills and knowledge required to promote loyalty schemes to customers.	14. Follow the procedures required to maintain health and safety
15. Follow company procedures and legal requirements for reducing health and safety risks	16. Provide information and advice to meet the needs of customers and sort out their
17. Communicate with customer in a way that makes them feel valued and respected.	18. Respond promptly to a customer seeking assistance.
19. Display courteous and helpful behavior at all time	20. Meet all reasonable requests for assistance within acceptable workplace timeframes.

 Learning & Extension
 Sant Gadge Baba Amravati University

Syllabus Prescribed For Certificate Course in Textile Weaving

Max. Marks :80

Unit – I : Introduction: Sectional Warping

Details of Sectional Warping machine, Creeling pattern and the quality requirements, Importance of Sectional, warping, creeling the cones as per pattern setting the length per section and section width, Importance of maintaining uniform tension all the time.

Unit – II : Beam Warping:

Knowledge of colour codification, Knowledge of yarn count, cone weight and the weaver's knot.

Unit – III : Knotting & Tying

Basics of Beam knotting, gaiting and dressing, Basics of knotting machine and its operations, Basics of beam gaiting and its operations, Knowledge about the working of the machines in a safe and hygienic manner, Knowledge about the working of the Knotter in a safe and hygienic manner, Precautions for using a Knotter for new sort introduction.

Unit – IV : Air Jet Looms

Knowledge about the working of the Air Jet Looms, Knowledge about the shade differences and the weave of the fabric, Basic motions of Air-jet looms, Study of Let-off, Take-up, Weft selector and warp stop motions, Dobby motions, selvedge motions, air-pressure controls, relay nozzles, main nozzle, profile reed, etc, Fabric defects, their causes and remedial measures.

Unit – V : Safety, Security & Discipline

Importance of cleanliness and personal safety, Fire fighting and First aid, Safety gadgets in a spinning factory, Precautions to be taken while working, importance of disciplines at work.

Books Recommended :

- 1) Handbook of Weaving by- Sabit Adanur
- 2) The Everything Knots book for time and Knot – Randy Penn
- 3) The Course of Loom development by- Teruo Ishida
- 4) Industrial Safety by- Chetan Prakashan

DIRECTOR
Department of Lifelong
Learning & Extension
Sant Gadge Baba Amravati University

PRACTICALS

1. Understanding the Warping machine and its creel.
2. Understanding the pattern and creeling the cones in their respective places.
3. Taking the ends out, passing through the tension guides and taking up to front and tying all ends of the section together after drawing in the reeds
4. Pulling the yarns together on the swift. Setting the section width. Setting the section length by considering the minimum length of yarns on cones.
5. Leasing.
6. Winding the required number of sections.
7. Attending the breaks and putting weaver's knot.
8. Transferring the warp sheet from swift to a weaver's beam
9. Understanding the salient features of super high speed warping machine and its Controls.
10. Understanding the pattern and creeling the cones in their respective places.
11. Setting the length by considering the minimum length of yarns on cones.
12. Doffing the full beam and sending to sizing after recording the weight.
13. Understanding the requirements of the beam and loom to be gaited.
14. Taking the dressing table near the beam doffed or near the stationary frame as the case may be.
15. To dress the tail ends from the stand or from the loom as the case may be. Adjust the ends evenly and with proper tension.
16. To take the sheet of yarn from the sized beam and to dress it likewise the tail-end sheet.
17. Practicing the safety systems by wearing head cover and masks
18. Collecting the hard wastes.
19. Understanding the requirements of the beam being mounted, the design and draft and its continuity with the running out beam.
20. Repairing the broken ends if any in the already dressed set, and spraying water or other liquid as required. Adjusting the machine for working.
21. Fixing the needle for proper count and starting the machine.
22. Pull the knots through the healds and reed as soon as knotting is over and tie them properly to the beam.
23. Auditing the parts needed and indenting them. Taking the help of fitter in case of major repairs.
24. To understand the material being woven on the loom and the weft in different positions of the weft feeder.
25. Maintaining the air pressure as needed.
26. Attending the breaks and restarting the looms, while correcting any half pick or full double pick.
27. Keeping the machine always clean and periodically cleaning the shed area with a vacuum cleaner.
28. Mock drill for fire fighting and first aid.

Syllabus Prescribed For
Certificate Course in Textile Spinning

Max. Marks : 80

Unit – I : Introduction:

- A) Ensuring receipt of correct bales from bale godown storage area, laying the bales as per the plan given, opening the bale hoops, removing the covering cloth, cleaning the sides of bales, ensuring proper identification of the bales, using proper material handling tools for transporting bales and opening the bales, starting the sequence of machines in blow room, controlling the feed as per the requirement of the next machine, ensuring proper functioning of the condensers, ensuring proper functioning of all the machines in blow room department, following the different signal lamps used in machines, knowing the different control buttons and operating them on need basis.
- B) Ensuring proper identification of the bales, taking fiber uniformly from all bales and feeding them in the lattice of bale opener evenly, removing contaminations like metal particles wooden pieces jute threads, etc, ensuring proper functioning of machine and material handling.

Unit – II : Carding & Draw Frame Tenting:

- A) Importance of carding, various parts in a card and their functions, Salient features of high speed and super high speed cards, Precautions to be taken while working, Knowledge about humidity conditions and the working of cards, Normal defects in card web and actions needed to correct them.
- B) Importance of draw frame, various parts in a draw frame and their functions, Precautions to be taken while working, Knowledge about humidity conditions and the working of cards, Normal defects in draw frame sliver and actions needed to correct them, Importance of cleanliness and personal safety.

Unit – III : Speed Frame & Ring Frame Operation

- A) Details of working of a speed frame, doffing the bobbins and restarting the machine, Importance of speed frames, taking the doff and the quality requirements, Precautions to be taken while running, doffing and restarting the machines, Importance of cleanliness and personal safety.
- B) Importance of ring frames & taking doff and precautions to be taking while working, Details of working of a Ringframe, Precautions to be taken while doffing and restarting the machines.

Unit – IV : Automatic Winding & Yarn Packing

- A) Details of Automatic winding machine, Importance of automatic winding, the stop motions and the quality requirement, Importance of maintaining uniform tension all the time, Importance of maintaining uniform tension all the time, Knowledge of yarn count, cone weight, various types of knots and splices, Concepts of length measurements on winding.
- B) Details of packing cones in Cartons, the mandatory markings, Importance of Packing and the mandatory requirements, Importance of maintaining clean and good aesthetics of packing , Knowledge of colour codification, Concepts of length measured cones and the tolerance for the total weight per Carton.

Unit – V : Safety, Security & Discipline

- A) Importance of cleanliness and personal safety, Fire fighting and First aid, Safety gadgets in a spinning factory, Precautions to be taken while working, importance of disciplines at work.

Books Recommended :

1. Complete Technology book on Textile Spining, Weaving, finishing & printing by NIIR Board of consultants & Engg.
2. Process control in speed frame – R. Senthil kumar
3. Practical guide to Ring Spining by- Werner Klin
4. Packaging Prototypes – Edward Danison, Rechard Cawthroy
5. Industrial Safety by- Chetan Prakashan

PRACTICALS

1. Visit to Spinning Mill & Report writing.
2. Understanding documentation and reporting formats.
3. Understanding guidelines for storage and disposal of waste material
4. Understanding the Process and material flow in Textile mill
5. Understanding the importance of fibers, types of yarn, yarn count, types of sliver, sliver hank, importance of sliver and roving quality.
6. Understanding the functions of different machines in blow room department.
7. Understanding the importance and function of different signal lamps in blow room.
8. Understanding the different control buttons in blow room machines.
9. Understanding the functions and methodology for operating different material handling equipments.
10. Understanding the types of contaminations and importance of segregating contaminations.
11. Running bare card before feeding cotton.
12. Collecting the web and condensing to feed to the calendar roller and produce a sliver.
13. Inserting empty cans and taking out doffed cans.
14. Checking the stop motions, the mixing being works and the colour codes used
15. Creeling the cans and taking sliver forward
16. Putting empty bobbins on the spindles tube and lapping the rove gently.
17. Keeping the work areas and surroundings clean.
18. Using of safety gadgets like caps, masks & shoes.
19. Mock drill for fire fighting and first aid.

OVERVIEW

Evolution is essential to our curriculum and to scientific literacy. Imagine teaching social science without teaching history; students would lack perspective on events going on today. Similarly, to understand the big picture of evolution, students need to understand life on Earth in terms of its history and its future — the changing life forms and ecosystems that have arisen and changed over billions of years, as well as the mechanisms that have brought about those changes.

What is a Mass Extinction and why scientists think human beings may be responsible for the next one? What do we know about the past extinctions, including their likely causes? This course will allow to the students to learn about mass extinctions, map extinction events to a geologic timeline, and explore current ideas about whether human influences may lead to another major extinction event. Numerous examples will be also taken from India (e.g. Cretaceous-Tertiary Mass Extinction and Deccan Volcanism)

This course explores the origin of life, the 5 past mass extinction events and the possibility of an ongoing 6th mass extinction. It incorporates PowerPoint presentations, reading materials from selected papers and various assignments.

Deccan Traps, Mahalabeshwar

OBJECTIVES

- 1) Exposing the participants to the fundamentals of life history, evolution and mass extinctions
- 2) Examining the ancient past mass extinction events to better understand how global warming will lead to mass extinctions.
- 3) Enhancing the capacity of the participants to understand environmental problems using the lessons from the Past.
- 4) Enhancing the capability of the participants to read, understand, summarize and present scientific papers

Faculty :

Thierry Adate is Professor and Head of the Geochemistry, Mineralogy and Sedimentary laboratory at the Geological Institute of the University of Lausanne, Switzerland.

He received his Ph.D. in Mineralogy and Sedimentary Geology from the University of Neuchâtel, Switzerland.

His research interests focus on global Change associated with Mass Extinction events, high-resolution bio-chemo and sequence stratigraphy.

Module	<p>History of Life and Mass Extinction Events:</p> <p>14th–18th October 2019</p> <p>Number of participants for the course will be limited to fifty.</p>
You Should Attend If...	<ul style="list-style-type: none"> • you are a post graduate student/ faculty or research scientist of Life Sciences / Earth Sciences/ Engineering/ Social Sciences wants to know about the fundamentals history of life, evolution and how global warming leads to Mass Extinction events with environmental consequences • you are interested in understanding life on Earth in terms of its history and its future — the changing life forms and ecosystems that have arisen and changed over billions of years, as well as the mechanisms that have brought about those changes • you are a student or faculty from academic institution interested to learn about Mass Extinctions, Mass Extinction events to a geologic timeline and explore current ideas about whether human influences may lead to another major extinction event.
Fees	<p>The participation fees for taking the course is as follows:</p> <p>Participants from abroad: US \$125</p> <p>Industry / Research Organizations: Rs. 3000</p> <p>Academic Institutions:</p> <p>Faculty: Rs. 2000</p> <p>Research Scholars: Rs. 1500</p> <p>UG/PG Students: Rs 1000</p> <p>The above fee includes all instructional materials, computer use for tutorials and assignments, 24 hr free internet facility. The participants will be provided with accommodation on payment basis.</p> <p><i>Please Register yourself to GIAN Portal also</i></p> <p>http://www.gian.iitkgp.ac.in/GREGN/index</p> <p><i>. Registration to the portal is one time affair and will be valid for lifetime of GIAN. Once registered in the portal, an applicant will be able to apply for any number of GIAN courses as and when necessary. One time Non-refundable fee of Rs. 500/- is to be charged for this service. Please also note that mere registration to the portal will not ensure participation in the courses. The course coordinator has the final say on the selection of participants. Please do not confuse with web registration with course registration. The course registration fee is separate.</i></p>

GLOBAL INITIATIVE FOR ACADEMIC NETWORKS (GIAN)
INDIAN INSTITUTE OF TECHNOLOGY KHARAGPUR
Kharagpur - 721302

No.IIT/GIAN/S-19/1533

Date: 06/09/2019

To
The Vice Chancellor
Sant Gadge Baba Amravati University
Camp Area, Near Tapovan Gate, Amravati
Maharashtra - 444 602

Subject: Approval of courses and sanction of funds for implementation of Global Initiative for Academic Networks (GIAN) programme during this financial year.

Sir/Madam,

I am pleased to inform you the GIAN implementation committee has approved the proposals submitted from your Institute/University as detailed in the following table.

#	Course Info	Start/End Date	Amount allotted (max.)
1	176039C01: History of life and Mass extinction events Foreign Expert: THIERRY Adate, Switzerland Coordinator: Dr. Syed Fajal Rahiman Khadri, Geology, Amruti	14/10/2019 to 18/10/2019	\$8000 (Rs. 5.44 Lakh) (for 15 lectures in 5 days)

The validity of this approval order is subjected to fulfilling the following terms and conditions:

1. The amount allocated for each course is the maximum amount and is to be spent for (a) honorarium and travel of one foreign expert/faculty only (b) lecture note preparation (c) video recording of the course (d) contingencies and miscellaneous expenses, if any. A maximum of Rs. 1.5 lakhs (for one week course, 10-14 lectures) and Rs. 2 lakhs for (2 weeks course, 20-28 lectures) can be spent for items (b), (c) and (d) only.
2. The activities in the scheme should be limited to the extents of fund available with the grantee Institution at any given time. The grantee Institution would bear responsibility for any expenditure incurred over and above available grants and the sanctioning authority or MHRD would not be liable to reimburse the same, on a routine basis, except as per rules.
3. A statement of expenditure and utilization certificate of the fund released signed by the **appropriate financial authority** should be sent within 30 days after completion of the course. The GIAN implementation Committee will be liberty to blacklist those Institutions, which do not submit the utilization certificate within the prescribed time from any future participation in the GIAN initiative and recommend to MHRD for stringent action.
4. Each course should be video recorded and appropriate consent should be obtained from foreign faculty.

5. Institute will ensure that the course coordinator will not violate copyright of anyone knowingly or willingly for the preparation of course material.
6. Institute shall send a course completion report alongwith soft copy of course materials and video recording of the course within 30 days after completion of the course.
7. The account where this fund is kept shall be open to inspection by the sanctioning authority and audit, both by Comptroller and Audit General of India under provision CAG (DPC) act 1971 and internal audit by the Principal Accounts Office of MHRD, Dept of Higher education, whenever the grantee is called upon to do so.
8. Institute will advise the Course Coordinator to finalise and upload the course brochure to GIAN portal (www.gian.iitkgp.ac.in) as early as possible for wide publicity. **The sanctioned fund will be released after the submission of utilization certificates for the fund received for all previously completed courses.**
9. The sanctioned fund will be transferred only through Public Fund Management System (PFMS). Institute should register itself as the child organisation of IIT Kharagpur for the GIAN scheme in the PFMS.

GIAN Short Term Course on

Basic immunology and Immunotherapy

(Course Code:176039H01)

September 22-26, 2019

Overview

The science of immunology is the study of the immune system in both healthy and diseased states. Study of immunology is critical to human health and survival. Basic immunology provides insight into the developments and function of network of immune cells, tissues and organs and malfunctions of the immune system. This knowledge is of fundamental importance to understanding the various mechanisms underlying human diseases and to develop medical interventions to prevent and treat them. Study of immunology has led to some major health care advances including vaccination and cancer immunotherapy.

Immunotherapy, or the use of a person's own immune system to treat an infection or disease, has recently been at the forefront of cancer research. The increasing use of monoclonal antibodies and the recent success of immune check point inhibitors such as PDL-1 based immunotherapy highlight the success of this approach in the treatment of cancers. Immunotherapy is also emerging as a novel treatment for various autoimmune diseases such as rheumatoid arthritis, type 1 diabetes, and multiple sclerosis, as well as conditions such as allergy and asthma. An understanding of the immune system in health and disease has the potential to develop further ways of manipulating it to maintain health. Furthermore, the discipline of immunology is increasing in complexity and utilizing skills from other sectors such as engineering, computing and bioinformatics. Future development of immunoassays and immunotherapies are going to require increased collaboration between these sciences. Therefore, it is essential to raise

the awareness of basic immunology and immunotherapy amongst students in Indian Universities not only in life sciences, but also in other disciplines such as engineering and computer science etc.

Modules

- Innate Immunity & Adaptive Immunity
- Antigen Processing and Presentation Dendritic Cells
- Immunotherapeutic approaches using Dendritic cells for treatment of various diseases including cancer.
- Autoimmunity and inflammatory diseases
- Allergy and asthma
- Bioinformatics based Immunoassays for diagnosis of diseases.
- Novel Engineering based approaches to develop device for immunoassays.

Course Schedule: September 22-28, 2019

You can attend if.....

- You are Research scholar from Universities, Colleges and government organizations, including R&D laboratories.
- You have enrolled as student for B.Sc/ BPharm/ MSc/ M.B.B.S/ M.S./ M.D./MPharm/ MTech/ PharmD/ PhD)
- You are Faculty from reputed academic institutions and technical institutions.

Fees:*

Participants from abroad: US \$125

Industry / Research Organizations: Rs. 3000

Academic Institutions:

Faculty: Rs. 2000

Research Scholars: Rs. 1500

UG/PG Students: Rs 1000

*The above fee include all instructional materials, computer use for tutorials and assignments, laboratory equipment usage charges, 24 hr free internet facility. Participants will be provided with accommodation on payment basis.

Faculty

Dr. Anshu Agrawal

Health Science Professor
Division of Basic and Clinical Immunology, Department of
Medicine, University of California, Irvine, CA

Dr. Anshu Agrawal is Health Science Professor at Division of Basic and Clinical Immunology, Department of Medicine, University of California, Irvine, CA. Dr. Anshu has been actively supported by NIH/NIA as well as Small Business Innovation Research (SBIR). She is also the recipient of the DOM Chair Research Awards. She has completed several research projects supported by UCI MIND (Institute for Memory Impairment and Neurological Disorders), NIH/SBIR, Donbang Acupuncture, Korea, etc. Dr. Anshu is a reviewer for journals such as PNAS, Science Translational Medicine, Journal of Immunology, Journal of Clinical Immunology, Vaccine, Drug Development and Therapy, Pharmaceutical Research, Aging Cell, Cell Reports, Gerontology, AGE, Autoimmunity, etc. She has also been a referee for grant proposal VMD study section, Nathan shock center for aging, Medical Research Council UK, Alexander Vontlumboldt Fellowship Grants, Poland, French National Research Aging (ANR) etc.

Her study ranges from dendritic cells, Aging, Autoimmunity to Immunotherapy. She is having the needed background in Immunology, Virology and drug development and Pharmaceuticals.

2. Upcoming events: MHRD, Govt. of India had sanctioned a GIAN Short Term Course on EVIDENCE BASED MEDICINE (EBM): PRINCIPLES AND EVIDENCES Course code: 176039H02 December 9-13, 2019. The course will be conducted by Dr. Sohil A Khan Senior Lecturer, Menzies Health Institute, Griffith University 4222, Queensland, Australia.

Sant Gadge Baba Amravati University, Amravati (Maharashtra)

(NAAC Reaccredited 'A' Grade University)

Department of Biotechnology

GIAN Short Term Course on

EVIDENCE BASED MEDICINE (EBM): PRINCIPLES AND EVIDENCES

Course code: 176039H02

December 9-13, 2019

Overview

An increasing number of academic healthcare institutions and residency programs are instituting curricula for teaching the principles and practice of evidence based health care. With the ever changing demands of healthcare workplace into which the students are transitioning, evidence based medicine teaching has a challenging task to meet student and employer needs towards better patient care.

A principle of current mainstream educational thinking argues that „deep learning“ is most likely to occur when the learner is activity engaged in the learning activities but also incorporates theoretical learning with their everyday experiences. Within this context the use of mobile technology as a means of information retrieval, management and synthesis, in the current cyber educational (and social) environment is integral and likely to carry over to lifelong learning and the workplace effectively. With up to 75 clinical trials and 11 systematic reviews available online on a daily basis medical knowledge is not static. MEDLINE now adds over 12 000 articles to its database per week, including more than 300 reports of clinical trials. There is a clear need to make good use of what we know and to develop parsimonious strategies to cope with the growth of medicine knowledge, with a clear focus on what will improve patient care.

The current course proposal (Evidence Based Medicine: Principles and Practices) is aimed in developing knowledge and skills in the area of quality use of medicine through application of best practice evidence. Students will develop critical evaluation skills for the purpose of effective implementation of evidence-based health care into practice. This will be achieved by providing a fundamental knowledge and understanding of three modules: (A) Critical

appraisal of biomedical literature for implications in research and clinical practice; (B) Applied evidence in quality use of medicines in special patient population/group and (C) Applied evidence based medicine (pharmacovigilance, pharmacoepidemiology and pharmacoeconomics).

The courses on evidence based medicine are commonly poorly rated by students. They demonstrate a limited understanding and feel a disconnection between the knowledge and practice aspect of learning applied evidence. The National Competency Standards Frameworks for healthcare professionals (medicine, dentistry, nursing, pharmacy and other allied health profession) internationally requires adequate clinical skills for a practicing professional in facilitation of evidence based medicine to promote optimal medication usage and disease management. This course will be planned and offered as per the set guidelines by the Global Initiative of Academic Network in accordance with the parent Institute as suggested/recommended by the decision makers.

This course is equally applicable to healthcare students from Pharmacy, Medicine, Dentistry and Nursing with current focused aimed for Pharmacy students (BPharm, MPharm, Pharm D and PhD).

Modules

- Principles of evidence based medicine
- Steps involved in provision of medication Information
- Critical appraisal of biomedical literature
- Medication usage in paediatric population.
- Medication usage in renal and hepatic Impairment
- Principles of medication safety (Pharmacovigilance)
- Skill development in practicing pharmacoeconomics

Course Schedule: December 9-13, 2019

You can attend if....

- You are Research scholar from Universities, Colleges and government organizations, including R&D laboratories.
- You have enrolled as student for B.Sc/ BPharm/ MSc/ M.B.B.S/ BDS/BAMS/M.S./ M.D./MPharm/ MTech/ PharmD/ PhD)
- You are Faculty from reputed academic institutions and technical institutions.

Fees:*

Participants from abroad: US \$125

Industry / Research Organizations: Rs. 3000

Academic Institutions:

Faculty: Rs. 2000

Research Scholars: Rs. 1500

UG/PG Students: Rs 1000

*The above fee include all instructional materials, computer use for tutorials and assignments, laboratory equipment usage charges, 24 hr free internet facility. Participants will be provided with accommodation on payment basis.

Please Register yourself to GIAN Portal also - <http://www.gian.iitkgp.ac.in/GREGN/index> . Registration to the portal is one time affair and will be valid for lifetime of GIAN. Once registered in the portal, an applicant will be able to apply for any number of GIAN courses as and when necessary. One time Non-refundable fee of Rs. 500/- is to be charged for this service. Please also note that mere registration to the portal will not ensure participation in the courses. The course coordinator has the final say on the selection of participants. Please do not confuse with web registration with course registration. The course registration fee is separate.

Faculty

Dr. Sohil A Khan

Senior Lecturer,

Menzies Health Institute, Griffith

University 4222, Queensland, Australia

Qualifications

- PhD (Doctor of Philosophy), The University of Queensland, Australia;
- Grad Cert in Higher Education, Griffith University, Australia
- MBA (Healthcare Services), Sikkim Manipal University; India
- MPharm (Clinical Pharm), Manipal University, India

Professional positions

- Senior Lecturer, Menzies Health Institute, Griffith University, Australia
- Research Fellow and Lecturer, Mater Research Institute – The University of Queensland, Australia
- Lecturer, The University of Queensland, August 2010-August 2011

Awards/Recognition

- Griffith Excellence, Griffith University, Australia: Academic Commendation in learning and teaching for the consecutive three years (2014, 2015 and 2016)
- Faculty of the year (Highly Commended - Early Career Category): Griffith University, Australia 2014
- Australia-Thailand Early Career Research Mobility Program, Department of Education, Australia and Department of Education, Thailand 2014-2015
- Best Paper Award : Quality Use of Medicine, The University of Queensland, Australia 2012
- Best Research Higher Degree Award (Clinical Category), Mater Research 2011-12
- International Postgraduate Research Scholarship (IPRS), Department of Health, Australia

Learning and Teaching Experience and Activities

As the convenor for evidence based practice (education and training in translational research) he is currently responsible for the oversight of all Learning and Teaching related activities in the School of Pharmacy, Griffith University including inter-professional learning. During his career, he has also personally led the development of a number of new degree programs including a Master of Pharmacy and Bachelor of Pharmacy (Griffith University); and The doctorate in Pharmacy (Pharm D) program in India. He has also designed numerous new courses and taught across a wide breadth of subjects.

I. I. T. Kharagpur. 721 302

Sub: Regarding submission of utilization certificate...

Ref: Your sanction letter No. IIT/GIAN/S - 19/1648 dt. 07th May, 2019

Sir/Madam,

With reference to above quoted subject and your letter cited under reference, the I. I. T. Kharagpur had sanctioned the grant worth of Rs.5,44,000/- (Rs. Five lakh forty four thousand only) for conduct of a short term course – Evidence Based Medicine (EBM) : Principles & Practices (Course Code: 176039H02) to the Sant Gadge Baba Amravati University in the financial year 2019 -20.

I am herewith sending a utilization certificate along with the statement of expenditure worth of Rs.4, 80,169/- (Rs. Four lakh eighty thousand one hundred sixty nine only) and the remaining unutilized grant worth of Rs.63, 831/- (Rs. Sixty three thousand eight hundred thirty one only) had surrendered to GIAN, I. I. T. Kharagpur by UTR No. MAHBH120015297668 on dt. 16th Jan., 2020. The utilization certificate also uploaded on the PFMS portal.

You are kindly requested to accept the utilization certificate and acknowledge the receipt of same.

Thanking you, in anticipation.

Prasad A. Wadegaonkar
Prof. Prasad A. Wadegaonkar
Local Coordinator GIAN,
Sant Gadge Baba Amravati University, Amravati.

1. Under Global Initiative of Academic Networks (GIAN) program of MHRD, GOI, New Delhi, Department of Biotechnology, Sant Gadge Baba Amravati University organized a Short term course entitled "Basic immunology and Immunotherapy (Course Code: 176039H01)" The course will be conducted by Dr. Anshu Agrawal, Professor - Division of Basic and Clinical Immunology, Department of Medicine, University of California, Irvine, CA during September 22-26, 2019.

Sant Gadge Baba Amravati University, Amravati (Maharashtra)

(NAAC Reaccredited 'A' Grade University)

Department of Biotechnology

GIAN Short Term Course on

Basic immunology and Immunotherapy

(Course Code:176039H01)

September 22-26, 2019

Overview

The science of immunology is the study of the immune system in both healthy and diseased states. Study of immunology is critical to human health and survival. Basic immunology provides insight into the developments and function of network of immune cells, tissues and organs and malfunctions of the immune system. This knowledge is of fundamental importance to understanding the various mechanisms underlying human diseases and to develop medical interventions to prevent and treat them. Study of immunology has led to some major health care advances including vaccination and cancer immunotherapy.

Immunotherapy, or the use of a person's own immune system to treat an infection or disease, has recently been at the forefront of cancer research. The increasing use of monoclonal antibodies and the recent success of immune check point inhibitors such PDL-1 based immunotherapy highlight the success of this approach in the treatment of cancers. Immunotherapy is also emerging as a novel treatment for various autoimmune diseases such as rheumatoid arthritis, type 1 diabetes, and multiple sclerosis, as well as conditions such as allergy and asthma. An understanding of the immune system in health and disease has the potential to develop further ways of manipulating it to maintain health. Furthermore, the discipline of immunology is increasing in complexity and utilizing skills from other sectors such as engineering, computing and bioinformatics. Future development of immunoassays and immunotherapies are going to require increased collaboration between these sciences. Therefore, it is essential to raise

the awareness of basic immunology and immunotherapy amongst students in Indian Universities not only in life sciences, but also in other disciplines such as engineering and computer science etc.

Modules

- Innate Immunity & Adaptive Immunity
- Antigen Processing and Presentation Dendritic Cells
- Immunotherapeutic approaches using Dendritic cells for treatment of various diseases including cancer.
- Autoimmunity and inflammatory diseases
- Allergy and asthma
- Bioinformatics based Immunoassays for diagnosis of diseases.
- Novel Engineering based approaches to develop device for immunoassays.

Course Schedule: September 22-28, 2019

You can attend if.....

- You are Research scholar from Universities, Colleges and government organizations, including R&D laboratories.
- You have enrolled as student for B.Sc/ BPharm/ MSc/ M.B.B.S/ M.S./ M.D./MPharm/ MTech/ PharmD/ PhD)
- You are Faculty from reputed academic institutions and technical institutions.

Fees:*

Participants from abroad: US \$125

Industry / Research Organizations: Rs. 3000

Academic Institutions:

Faculty: Rs. 2000

Research Scholars: Rs. 1500

UG/PG Students: Rs 1000

*The above fee include all instructional materials, computer use for tutorials and assignments, laboratory equipment usage charges, 24 hr free internet facility. Participants will be provided with accommodation on payment basis.

Faculty

Dr. Anshu Agrawal

Health Science Professor
Division of Basic and Clinical Immunology, Department of
Medicine, University of California, Irvine, CA

Dr. Anshu Agrawal is Health Science Professor at Division of Basic and Clinical Immunology, Department of Medicine, University of California, Irvine, CA. Dr. Anshu has been actively supported by NIH/NIA as well as Small Business Innovation Research (SBIR). She is also the recipient of the DOM Chair Research Awards. She has completed several research projects supported by UCI MIND (Institute for Memory Impairment and Neurological Disorders), NIH/SBIR, Donbang Acupuncture, Korea, etc. Dr. Anshu is a reviewer for journals such as PNAS, Science Translational Medicine, Journal of Immunology, Journal of Clinical Immunology, Vaccine, Drug Development and Therapy, Pharmaceutical Research, Aging Cell, Cell Reports, Gerontology, AGE, Autoimmunity, etc. She has also been a referee for grant proposal VMD study section, Nathan shock center for aging, Medical Research Council UK, Alexander Vontlumboldt Fellowship Grants, Poland, French National Research Aging (ANR) etc.

Her study ranges from dendritic cells, Aging, Autoimmunity to Immunotherapy. She is having the needed background in Immunology, Virology and drug development and Pharmaceuticals.

Total No. of Participant: 68 / Photograph

Name of the Institute: - **Sant Gadge Baba Amravati University, Amravati**

Utilization Certificate

Under GFR 19-A, Rule 212(1) for GIAN Programme

Sr. No.	Sanction Letter No & Date	Amount (Rs.)
01	No. IIT/GIAN/S – 19/1647 dt. 07 th May, 2019	Rs. 5,44,000/-
Total (Rs.)		Rs. 5,44,000/-

1. Certified that out of **Rs. 5,44,000/-** (Rs. Five lakhs forty four thousand only) of Grant-in-Aid sanctioned for the GIAN programme(Course Code : 176039H01) in favour of **Sant Gadge Baba Amravati University, Amravati** under MHRD/IIT, Kharagpur sanction vide letter Number given in the above, a sum of **Rs. 4,81,544/-** (Rs. Four lakhs eighty one thousand five hundred forty four only) has been utilized for the purpose of GIAN Course for which it was sanctioned and that the balance of **Rs. 62,456/-** (Rs. Sixty two thousand four hundred fifty six only) remaining unutilized at the end of the course has been surrendered to Bank Account- GIAN IIT KHARAGPUR, Number. 35639268920 (IFSC Code. SBIN0000202) vide UTR No **MAHBH19292614187** dated 19th October, 2019.
2. Certified that I have satisfied myself that the conditions on which the Grant-in-Aid was sanctioned have been duly fulfilled and that I have exercised the checks to see that the money was actually utilized for the purpose for which it was sanctioned.
3. Statement of Expenditure and Auditors Certificate are enclosed

Date: 22nd Oct., 2019

AUDITORS' CERTIFICATE

This is to certify that Grant of **Rs. 5, 44,000/-** (Rs. Five lakhs forty four thousand only) given to **Sant Gadge Baba Amravati University, Amravati** vide Sanction Letter **No. IIT/GIAN/s – 19/1647 dated 07th May, 2019** by IIT, Kharagpur for the purpose of GIAN Programme (Course Code : 176039H01). An amount of **Rs. 4, 81,544/-** (Rs. Four lakhs eighty one thousand five hundred forty four only) has been spent as per details given above at the end of the course. The unspent balance of **Rs. 62,456/-** (Rs. Sixty two thousand four hundred fifty six only) at the end of the course has been surrendered to GIAN IIT KHARAGPUR Bank A/c No. 35639268920, IFSC Code. SBIN0000202, vide UTR No. **MAHBBH19292614187** dated 19th October, 2019.

We have checked all relevant vouchers, bank statements, bills, challans, letter & correspondences regarding the GIAN Programme conducted at **Sant Gadge Baba Amravati University, Amravati** and to the best of my knowledge and belief, the aforesaid figures are correct and in conformity with the books of accounts of the establishment.

2. Upcoming events: MHRD, Govt. of India had sanctioned a GIAN Short Term Course on EVIDENCE BASED MEDICINE (EBM): PRINCIPLES AND EVIDENCES Course code: 176039H02 December 9-13, 2019. The course will be conducted by Dr. Sohil A Khan Senior Lecturer, Menzies Health Institute, Griffith University 4222, Queensland, Australia.

Sant Gadge Baba Amravati University, Amravati (Maharashtra)

(NAAC Reaccredited 'A' Grade University)

Department of Biotechnology

GIAN Short Term Course on

EVIDENCE BASED MEDICINE (EBM): PRINCIPLES AND EVIDENCES

Course code: 176039H02

December 9-13, 2019

Overview

An increasing number of academic healthcare institutions and residency programs are instituting curricula for teaching the principles and practice of evidence based health care. With the ever changing demands of healthcare workplace into which the students are transitioning, evidence based medicine teaching has a challenging task to meet student and employer needs towards better patient care.

A principle of current mainstream educational thinking argues that „deep learning“ is most likely to occur when the learner is activity engaged in the learning activities but also incorporates theoretical learning with their everyday experiences. Within this context the use of mobile technology as a means of information retrieval, management and synthesis, in the current cyber educational (and social) environment is integral and likely to carry over to lifelong learning and the workplace effectively. With up to 75 clinical trials and 11 systematic reviews available online on a daily basis medical knowledge is not static. MEDLINE now adds over 12 000 articles to its database per week, including more than 300 reports of clinical trials. There is a clear need to make good use of what we know and to develop parsimonious strategies to cope with the growth of medicine knowledge, with a clear focus on what will improve patient care.

The current course proposal (Evidence Based Medicine: Principles and Practices) is aimed in developing knowledge and skills in the area of quality use of medicine through application of best practice evidence. Students will develop critical evaluation skills for the purpose of effective implementation of evidence-based health care into practice. This will be achieved by providing a fundamental knowledge and understanding of three modules: (A) Critical

appraisal of biomedical literature for implications in research and clinical practice; (B) Applied evidence in quality use of medicines in special patient population/group and (C) Applied evidence based medicine (pharmacovigilance, pharmacoepidemiology and pharmacoeconomics).

The courses on evidence based medicine are commonly poorly rated by students. They demonstrate a limited understanding and feel a disconnection between the knowledge and practice aspect of learning applied evidence. The National Competency Standards Frameworks for healthcare professionals (medicine, dentistry, nursing, pharmacy and other allied health profession) internationally requires adequate clinical skills for a practicing professional in facilitation of evidence based medicine to promote optimal medication usage and disease management. This course will be planned and offered as per the set guidelines by the Global Initiative of Academic Network in accordance with the parent Institute as suggested/recommended by the decision makers.

This course is equally applicable to healthcare students from Pharmacy, Medicine, Dentistry and Nursing with current focused aimed for Pharmacy students (BPharm, MPharm, Pharm D and PhD).

Modules

- Principles of evidence based medicine
- Steps involved in provision of medication Information
- Critical appraisal of biomedical literature
- Medication usage in paediatric population.
- Medication usage in renal and hepatic Impairment
- Principles of medication safety (Pharmacovigilance)
- Skill development in practicing pharmacoeconomics

Course Schedule: December 9-13, 2019

You can attend if....

- You are Research scholar from Universities, Colleges and government organizations, including R&D laboratories.
- You have enrolled as student for B.Sc/ BPharm/ MSc/ M.B.B.S/ BDS/BAMS/M.S./ M.D./MPharm/ MTech/ PharmD/ PhD)
- You are Faculty from reputed academic institutions and technical institutions.

Fees:*

Participants from abroad: US \$125

Industry / Research Organizations: Rs. 3000

Academic Institutions:

Faculty: Rs. 2000

Research Scholars: Rs. 1500

UG/PG Students: Rs 1000

*The above fee include all instructional materials, computer use for tutorials and assignments, laboratory equipment usage charges, 24 hr free internet facility. Participants will be provided with accommodation on payment basis.

Please Register yourself to GIAN Portal also - <http://www.gian.iitkgp.ac.in/GREGN/index> . Registration to the portal is one time affair and will be valid for lifetime of GIAN. Once registered in the portal, an applicant will be able to apply for any number of GIAN courses as and when necessary. One time Non-refundable fee of Rs. 500/- is to be charged for this service. Please also note that mere registration to the portal will not ensure participation in the courses. The course coordinator has the final say on the selection of participants. Please do not confuse with web registration with course registration. The course registration fee is separate.

Faculty

Dr. Sohil A Khan

Senior Lecturer,

Menzies Health Institute, Griffith

University 4222, Queensland, Australia

Qualifications

- PhD (Doctor of Philosophy), The University of Queensland, Australia;
- Grad Cert in Higher Education, Griffith University, Australia
- MBA (Healthcare Services), Sikkim Manipal University; India
- MPharm (Clinical Pharm), Manipal University, India

Professional positions

- Senior Lecturer, Menzies Health Institute, Griffith University, Australia
- Research Fellow and Lecturer, Mater Research Institute – The University of Queensland, Australia
- Lecturer, The University of Queensland, August 2010-August 2011

Awards/Recognition

- Griffith Excellence, Griffith University, Australia: Academic Commendation in learning and teaching for the consecutive three years (2014, 2015 and 2016)
- Faculty of the year (Highly Commended - Early Career Category): Griffith University, Australia 2014
- Australia-Thailand Early Career Research Mobility Program, Department of Education, Australia and Department of Education, Thailand 2014-2015
- Best Paper Award : Quality Use of Medicine, The University of Queensland, Australia 2012
- Best Research Higher Degree Award (Clinical Category), Mater Research 2011-12
- International Postgraduate Research Scholarship (IPRS), Department of Health, Australia

Learning and Teaching Experience and Activities

As the convenor for evidence based practice (education and training in translational research) he is currently responsible for the oversight of all Learning and Teaching related activities in the School of Pharmacy, Griffith University including inter-professional learning. During his career, he has also personally led the development of a number of new degree programs including a Master of Pharmacy and Bachelor of Pharmacy (Griffith University); and The doctorate in Pharmacy (Pharm D) program in India. He has also designed numerous new courses and taught across a wide breadth of subjects.

I. I. T. Kharagpur. 721 302

Sub: Regarding submission of utilization certificate...

Ref: Your sanction letter No. IIT/GIAN/S - 19/1648 dt. 07th May, 2019

Sir/Madam,

With reference to above quoted subject and your letter cited under reference, the I. I. T. Kharagpur had sanctioned the grant worth of Rs.5,44,000/- (Rs. Five lakh forty four thousand only) for conduct of a short term course – Evidence Based Medicine (EBM) : Principles & Practices (Course Code: 176039H02) to the Sant Gadge Baba Amravati University in the financial year 2019 -20.

I am herewith sending a utilization certificate along with the statement of expenditure worth of Rs.4, 80,169/- (Rs. Four lakh eighty thousand one hundred sixty nine only) and the remaining unutilized grant worth of Rs.63, 831/- (Rs. Sixty three thousand eight hundred thirty one only) had surrendered to GIAN, I. I. T. Kharagpur by UTR No. MAHBH120015297668 on dt. 16th Jan., 2020. The utilization certificate also uploaded on the PFMS portal.

You are kindly requested to accept the utilization certificate and acknowledge the receipt of same.

Thanking you, in anticipation.

Prasad A. Wadegaonkar
Prof. Prasad A. Wadegaonkar
Local Coordinator GIAN,

1.3.2 : List of value added courses imparting transferable and Life Skills (2015-2020)

S.No.	Name of the value added courses (with 30 or more contact hours) offered	Year of offering
1	Certificate Course in Soil Testing	2018
2	Certificate Course in Chemical Processing	2018
3	Certificate Course in Retail Sales Associates	2018
4	Certificate Course in Textile Weaving	2018
5	Certificate Course in DTP	2018
6	Certificate Course in Food and Beverage Services	2018
7	Certificate Course in Tally	2018
8	Certificate Course in Textile Spinning	2018
9	Certificate Course in housekeeping	2018
10	Soft Skill and Personality Development	2019
11	Agricultural Based and Entrepreneurship Production Industries	2019
12	Western Zumba Dance	2019
13	Diploma in Naturopathy and Yoga Therapy	2019
14	Diploma in Computerized Accounting	2019
15	GIAN Short Term Course on Immunology and Immunotherapy	2019
16	GIAN short term course on History of Life Sciences and Mass Extinction Event	2019
17	GIAN short term on Evidence based Medicine: Principle and Practices	2019
18	Certificate Course in DTP	2019
19	Certificate Course in Tally	2019
20	Certificate Course in Food and Beverage Services	2019
21	Mahanubhav sahitya and tatvdhyan	2019
22	Certificate Course in Retail Sales	2019

OVERVIEW

Evolution is essential to our curriculum and to scientific literacy. Imagine teaching social science without teaching history; students would lack perspective on events going on today. Similarly, to understand the big picture of evolution, students need to understand life on Earth in terms of its history and its future — the changing life forms and ecosystems that have arisen and changed over billions of years, as well as the mechanisms that have brought about those changes.

What is a Mass Extinction and why scientists think human beings may be responsible for the next one? What do we know about the past extinctions, including their likely causes? This course will allow to the students to learn about mass extinctions, map extinction events to a geologic timeline, and explore current ideas about whether human influences may lead to another major extinction event. Numerous examples will be also taken from India (e.g. Cretaceous-Tertiary Mass Extinction and Deccan Volcanism)

This course explores the origin of life, the 5 past mass extinction events and the possibility of an ongoing 6th mass extinction. It incorporates PowerPoint presentations, reading materials from selected papers and various assignments.

Deccan Traps, Mahalabeshwar

OBJECTIVES

- 1) Exposing the participants to the fundamentals of life history, evolution and mass extinctions
- 2) Examining the ancient past mass extinction events to better understand how global warming will lead to mass extinctions.
- 3) Enhancing the capacity of the participants to understand environmental problems using the lessons from the Past.
- 4) Enhancing the capability of the participants to read, understand, summarize and present scientific papers

Faculty :

Thierry Adate is Professor and Head of the Geochemistry, Mineralogy and Sedimentary laboratory at the Geological Institute of the University of Lausanne, Switzerland.

He received his Ph.D. in Mineralogy and Sedimentary Geology from the University of Neuchâtel, Switzerland.

His research interests focus on global Change associated with Mass Extinction events, high-resolution bio-chemo and sequence stratigraphy.

Module	<p>History of Life and Mass Extinction Events:</p> <p>14th–18th October 2019</p> <p>Number of participants for the course will be limited to fifty.</p>
You Should Attend If...	<ul style="list-style-type: none"> • you are a post graduate student/ faculty or research scientist of Life Sciences / Earth Sciences/ Engineering/ Social Sciences wants to know about the fundamentals history of life, evolution and how global warming leads to Mass Extinction events with environmental consequences • you are interested in understanding life on Earth in terms of its history and its future — the changing life forms and ecosystems that have arisen and changed over billions of years, as well as the mechanisms that have brought about those changes • you are a student or faculty from academic institution interested to learn about Mass Extinctions, Mass Extinction events to a geologic timeline and explore current ideas about whether human influences may lead to another major extinction event.
Fees	<p>The participation fees for taking the course is as follows:</p> <p>Participants from abroad: US \$125</p> <p>Industry / Research Organizations: Rs. 3000</p> <p>Academic Institutions:</p> <p>Faculty: Rs. 2000</p> <p>Research Scholars: Rs. 1500</p> <p>UG/PG Students: Rs 1000</p> <p>The above fee includes all instructional materials, computer use for tutorials and assignments, 24 hr free internet facility. The participants will be provided with accommodation on payment basis.</p> <p><i>Please Register yourself to GIAN Portal also</i></p> <p>http://www.gian.iitkgp.ac.in/GREGN/index</p> <p><i>. Registration to the portal is one time affair and will be valid for lifetime of GIAN. Once registered in the portal, an applicant will be able to apply for any number of GIAN courses as and when necessary. One time Non-refundable fee of Rs. 500/- is to be charged for this service. Please also note that mere registration to the portal will not ensure participation in the courses. The course coordinator has the final say on the selection of participants. Please do not confuse with web registration with course registration. The course registration fee is separate.</i></p>

1. Under Global Initiative of Academic Networks (GIAN) program of MHRD, GOI, New Delhi, Department of Biotechnology, Sant Gadge Baba Amravati University organized a Short term course entitled "Basic immunology and Immunotherapy (Course Code: 176039H01)" The course will be conducted by Dr. Anshu Agrawal, Professor - Division of Basic and Clinical Immunology, Department of Medicine, University of California, Irvine, CA during September 22-26, 2019.

Sant Gadge Baba Amravati University, Amravati (Maharashtra)

(NAAC Reaccredited 'A' Grade University)

Department of Biotechnology

GIAN Short Term Course on

Basic immunology and Immunotherapy

(Course Code:176039H01)

September 22-26, 2019

Overview

The science of immunology is the study of the immune system in both healthy and diseased states. Study of immunology is critical to human health and survival. Basic immunology provides insight into the developments and function of network of immune cells, tissues and organs and malfunctions of the immune system. This knowledge is of fundamental importance to understanding the various mechanisms underlying human diseases and to develop medical interventions to prevent and treat them. Study of immunology has led to some major health care advances including vaccination and cancer immunotherapy.

Immunotherapy, or the use of a person's own immune system to treat an infection or disease, has recently been at the forefront of cancer research. The increasing use of monoclonal antibodies and the recent success of immune check point inhibitors such PDL-1 based immunotherapy highlight the success of this approach in the treatment of cancers. Immunotherapy is also emerging as a novel treatment for various autoimmune diseases such as rheumatoid arthritis, type 1 diabetes, and multiple sclerosis, as well as conditions such as allergy and asthma. An understanding of the immune system in health and disease has the potential to develop further ways of manipulating it to maintain health. Furthermore, the discipline of immunology is increasing in complexity and utilizing skills from other sectors such as engineering, computing and bioinformatics. Future development of immunoassays and immunotherapies are going to require increased collaboration between these sciences. Therefore, it is essential to raise

the awareness of basic immunology and immunotherapy amongst students in Indian Universities not only in life sciences, but also in other disciplines such as engineering and computer science etc.

Modules

- Innate Immunity & Adaptive Immunity
- Antigen Processing and Presentation Dendritic Cells
- Immunotherapeutic approaches using Dendritic cells for treatment of various diseases including cancer.
- Autoimmunity and inflammatory diseases
- Allergy and asthma
- Bioinformatics based Immunoassays for diagnosis of diseases.
- Novel Engineering based approaches to develop device for immunoassays.

Course Schedule: September 22-28, 2019

You can attend if.....

- You are Research scholar from Universities, Colleges and government organizations, including R&D laboratories.
- You have enrolled as student for B.Sc/ BPharm/ MSc/ M.B.B.S/ M.S./ M.D./MPharm/ MTech/ PharmD/ PhD)
- You are Faculty from reputed academic institutions and technical institutions.

Fees:*

Participants from abroad: US \$125

Industry / Research Organizations: Rs. 3000

Academic Institutions:

Faculty: Rs. 2000

Research Scholars: Rs. 1500

UG/PG Students: Rs 1000

*The above fee include all instructional materials, computer use for tutorials and assignments, laboratory equipment usage charges, 24 hr free internet facility. Participants will be provided with accommodation on payment basis.

Faculty

Dr. Anshu Agrawal

Health Science Professor
Division of Basic and Clinical Immunology, Department of
Medicine, University of California, Irvine, CA

Dr. Anshu Agrawal is Health Science Professor at Division of Basic and Clinical Immunology, Department of Medicine, University of California, Irvine, CA. Dr. Anshu has been actively supported by NIH/NIA as well as Small Business Innovation Research (SBIR). She is also the recipient of the DOM Chair Research Awards. She has completed several research projects supported by UCI MIND (Institute for Memory Impairment and Neurological Disorders), NIH/SBIR, Donbang Acupuncture, Korea, etc. Dr. Anshu is a reviewer for journals such as PNAS, Science Translational Medicine, Journal of Immunology, Journal of Clinical Immunology, Vaccine, Drug Development and Therapy, Pharmaceutical Research, Aging Cell, Cell Reports, Gerontology, AGE, Autoimmunity, etc. She has also been a referee for grant proposal VMD study section, Nathan shock center for aging, Medical Research Council UK, Alexander Vontlumboldt Fellowship Grants, Poland, French National Research Aging (ANR) etc.

Her study ranges from dendritic cells, Aging, Autoimmunity to Immunotherapy. She is having the needed background in Immunology, Virology and drug development and Pharmaceuticals.

2. Upcoming events: MHRD, Govt. of India had sanctioned a GIAN Short Term Course on EVIDENCE BASED MEDICINE (EBM): PRINCIPLES AND EVIDENCES Course code: 176039H02 December 9-13, 2019. The course will be conducted by Dr. Sohil A Khan Senior Lecturer, Menzies Health Institute, Griffith University 4222, Queensland, Australia.

Sant Gadge Baba Amravati University, Amravati (Maharashtra)

(NAAC Reaccredited 'A' Grade University)

Department of Biotechnology

GIAN Short Term Course on

EVIDENCE BASED MEDICINE (EBM): PRINCIPLES AND EVIDENCES

Course code: 176039H02

December 9-13, 2019

Overview

An increasing number of academic healthcare institutions and residency programs are instituting curricula for teaching the principles and practice of evidence based health care. With the ever changing demands of healthcare workplace into which the students are transitioning, evidence based medicine teaching has a challenging task to meet student and employer needs towards better patient care.

A principle of current mainstream educational thinking argues that „deep learning“ is most likely to occur when the learner is activity engaged in the learning activities but also incorporates theoretical learning with their everyday experiences. Within this context the use of mobile technology as a means of information retrieval, management and synthesis, in the current cyber educational (and social) environment is integral and likely to carry over to lifelong learning and the workplace effectively. With up to 75 clinical trials and 11 systematic reviews available online on a daily basis medical knowledge is not static. MEDLINE now adds over 12 000 articles to its database per week, including more than 300 reports of clinical trials. There is a clear need to make good use of what we know and to develop parsimonious strategies to cope with the growth of medicine knowledge, with a clear focus on what will improve patient care.

The current course proposal (Evidence Based Medicine: Principles and Practices) is aimed in developing knowledge and skills in the area of quality use of medicine through application of best practice evidence. Students will develop critical evaluation skills for the purpose of effective implementation of evidence-based health care into practice. This will be achieved by providing a fundamental knowledge and understanding of three modules: (A) Critical

appraisal of biomedical literature for implications in research and clinical practice; (B) Applied evidence in quality use of medicines in special patient population/group and (C) Applied evidence based medicine (pharmacovigilance, pharmacoepidemiology and pharmacoeconomics).

The courses on evidence based medicine are commonly poorly rated by students. They demonstrate a limited understanding and feel a disconnection between the knowledge and practice aspect of learning applied evidence. The National Competency Standards Frameworks for healthcare professionals (medicine, dentistry, nursing, pharmacy and other allied health profession) internationally requires adequate clinical skills for a practicing professional in facilitation of evidence based medicine to promote optimal medication usage and disease management. This course will be planned and offered as per the set guidelines by the Global Initiative of Academic Network in accordance with the parent Institute as suggested/recommended by the decision makers.

This course is equally applicable to healthcare students from Pharmacy, Medicine, Dentistry and Nursing with current focused aimed for Pharmacy students (BPharm, MPharm, Pharm D and PhD).

Modules

- Principles of evidence based medicine
- Steps involved in provision of medication Information
- Critical appraisal of biomedical literature
- Medication usage in paediatric population.
- Medication usage in renal and hepatic Impairment
- Principles of medication safety (Pharmacovigilance)
- Skill development in practicing pharmacoeconomics

Course Schedule: December 9-13, 2019

You can attend if....

- You are Research scholar from Universities, Colleges and government organizations, including R&D laboratories.
- You have enrolled as student for B.Sc/ BPharm/ MSc/ M.B.B.S/ BDS/BAMS/M.S./ M.D./MPharm/ MTech/ PharmD/ PhD)
- You are Faculty from reputed academic institutions and technical institutions.

Fees:*

Participants from abroad: US \$125

Industry / Research Organizations: Rs. 3000

Academic Institutions:

Faculty: Rs. 2000

Research Scholars: Rs. 1500

UG/PG Students: Rs 1000

*The above fee include all instructional materials, computer use for tutorials and assignments, laboratory equipment usage charges, 24 hr free internet facility. Participants will be provided with accommodation on payment basis.

Please Register yourself to GIAN Portal also - <http://www.gian.iitkgp.ac.in/GREGN/index> . Registration to the portal is one time affair and will be valid for lifetime of GIAN. Once registered in the portal, an applicant will be able to apply for any number of GIAN courses as and when necessary. One time Non-refundable fee of Rs. 500/- is to be charged for this service. Please also note that mere registration to the portal will not ensure participation in the courses. The course coordinator has the final say on the selection of participants. Please do not confuse with web registration with course registration. The course registration fee is separate.

Faculty

Dr. Sohil A Khan

Senior Lecturer,

Menzies Health Institute, Griffith

University 4222, Queensland, Australia

Qualifications

- PhD (Doctor of Philosophy), The University of Queensland, Australia;
- Grad Cert in Higher Education, Griffith University, Australia
- MBA (Healthcare Services), Sikkim Manipal University; India
- MPharm (Clinical Pharm), Manipal University, India

Professional positions

- Senior Lecturer, Menzies Health Institute, Griffith University, Australia
- Research Fellow and Lecturer, Mater Research Institute – The University of Queensland, Australia
- Lecturer, The University of Queensland, August 2010-August 2011

Awards/Recognition

- Griffith Excellence, Griffith University, Australia: Academic Commendation in learning and teaching for the consecutive three years (2014, 2015 and 2016)
- Faculty of the year (Highly Commended - Early Career Category): Griffith University, Australia 2014
- Australia-Thailand Early Career Research Mobility Program, Department of Education, Australia and Department of Education, Thailand 2014-2015
- Best Paper Award : Quality Use of Medicine, The University of Queensland, Australia 2012
- Best Research Higher Degree Award (Clinical Category), Mater Research 2011-12
- International Postgraduate Research Scholarship (IPRS), Department of Health, Australia

Learning and Teaching Experience and Activities

As the convenor for evidence based practice (education and training in translational research) he is currently responsible for the oversight of all Learning and Teaching related activities in the School of Pharmacy, Griffith University including inter-professional learning. During his career, he has also personally led the development of a number of new degree programs including a Master of Pharmacy and Bachelor of Pharmacy (Griffith University); and The doctorate in Pharmacy (Pharm D) program in India. He has also designed numerous new courses and taught across a wide breadth of subjects.

I. I. T. Kharagpur. 721 302

Sub: Regarding submission of utilization certificate...

Ref: Your sanction letter No. IIT/GIAN/S - 19/1648 dt. 07th May, 2019

Sir/Madam,

With reference to above quoted subject and your letter cited under reference, the I. I. T. Kharagpur had sanctioned the grant worth of Rs.5,44,000/- (Rs. Five lakh forty four thousand only) for conduct of a short term course – Evidence Based Medicine (EBM) : Principles & Practices (Course Code: 176039H02) to the Sant Gadge Baba Amravati University in the financial year 2019 -20.

I am herewith sending a utilization certificate along with the statement of expenditure worth of Rs.4, 80,169/- (Rs. Four lakh eighty thousand one hundred sixty nine only) and the remaining unutilized grant worth of Rs.63, 831/- (Rs. Sixty three thousand eight hundred thirty one only) had surrendered to GIAN, I. I. T. Kharagpur by UTR No. MAHBH120015297668 on dt. 16th Jan., 2020. The utilization certificate also uploaded on the PFMS portal.

You are kindly requested to accept the utilization certificate and acknowledge the receipt of same.

Thanking you, in anticipation.

Prasad A. Wadegaonkar
Prof. Prasad A. Wadegaonkar
Local Coordinator GIAN,
