

Sant Gadge Baba Amravati University, Amravati

Department of LIBRARY & INFORMATION SCIENCE

NAME OF THE DEPARTMENT:LIBRARY & INFORMATION SCIENCE		
Methods/strategies of measuring the attainment level of:		
Programme Outcomes	Programme Specific	Outcomes
1. Better performance in 1. Aptitude Tests 2. Better performance in 3. Model Interviews 4. Feedback from Alumni	1. High quality Research projects at the end of 2 nd semester 2. Digitisation of Manuscripts at the end of II nd semester 3. Seminar papers, Presentations, Performance in Viva-voce 4. Better employability	1. Internal and External assessment 2. Assignments and Presentations 3. Practical on Library Software including Commercial and Open source 4. LIS Quiz 5. Better employability

In order to measure course outcomes, the Library & Information Science department conducts unit-wise test papers for all courses during each month on completion of each unit. Department organises LIS QUIZ and it is mandatory for all the students to participate for assessment. Library tour, Library field surveys and Research projects are also compulsory as the part of curriculum. Students also visit the manuscripts libraries and digitise the collection from the identified local libraries. Students are given assignments and have to submit on Google classroom. The students have practical work and assignments to be submitted on each theory and practical papers. Seminars are also conducted and submission of seminar papers. Surprise test and Term exams are also conducted on the completion of teaching syllabus. The high performance of students in these assessments testifies the good achievement in the CO.

In order to evaluate Programme Specific Outcomes, Students have to prepare Bibliographies of the collection available in the local libraries or newspaper clippings on the current issues and Research projects at the end of the semester I & semester II respectively, viva voce also organised for the research projects assessment. The students visit local or other libraries for collecting data, analysing and presenting in the research project. After

submission of the Research projects, viva voce conducted to assess the students. PSO is well analyzed by these testing tools.

In order to evaluate Programme Outcomes, Students of Library & Information Science students are placed in the Academic libraries and public libraries. Also we collect feedback from Alumina after getting employment regarding their performance in the libraries, respective private firms and institutes. We also collect feedback from employers about the performance of our students as well as the adequacy of the syllabus and curriculum.
