Employability Potential:-

Music is the depiction of the universal emotion of joy. While it has been conveniently categorized into the ‘entertainment’ or ‘luxury’ forte of human life. The lesser known fact is that it has a rich, regal and detailed history behind it. Parallel to the same fact, Music has growing and viable career options, with many types and opportunities ahead. It is one thing to have an innate flair and talent for Music, but a totally different one to make a devoted career in the field, which is highly demanding in terms of dedication, perseverance and hard-work. An individual considering a career in Music should have a genuine love for Music, a Musical sense, which means a sense of time and rhythm, creative ability and also stage confidence. Some of the career options in Music Subject are given below:-

1. The student will be able to perform classical or light Music with professional artists.
2. The students may earn by accompanying Harmonium and Tabla in various Musical programs.
3. They can be indulged in Musical events management and be able to learn and earn.
4. They can teach Music independently and become self employed.
5. They can build their career as a Music Critic and earn.
