- To select the three model states, NITI defined a three-stage process – expression of interest, presentations by the states and assessment of commitment to health sector reforms. NITI invited all states and UTs to participate in the program. Sixteen states expressed prima facie interest, of which fourteen made their presentations. Andhra Pradesh, Assam, Bihar, Chandigarh, Goa, Gujarat, Haryana, Jharkhand, Karnataka, Madhya Pradesh, Odisha, Punjab, Telangana and Uttar Pradesh presented their project proposal to a Committee headed by Member of NITI Aayog, Shri Bibek Debroy and comprising of CEO, Amitabh Kant as well as a representative from the Ministry of Health and Family Welfare.
- Of these fourteen states, five have been shortlisted. Subsequently, three will be selected on the basis of further evaluations and objective assessment of criteria affecting the potential for impact and likelihood of success. Metrics such as MMR, IMR, incidence of malaria and others have been considered for determining potential impact while density of doctors and nurses, compliance to IPHS norms are some of the metrics used to determine likelihood of success.
