Dear Faculty Members,

Greetings from SWAYAM Plus!

Thank you for your continued support and active engagement with SWAYAM Plus. As you know, our mission is to bring **high-quality, employment-oriented learning opportunities to learners across India**.

With summer vacation approaching, we are happy to introduce a set of **free, credit-aligned online AI courses** specially curated by experts from within the **IIT Madras ecosystem**. These courses are designed to make Artificial Intelligence accessible to everyone, not just engineers, but also students from the arts, science, commerce, and interdisciplinary backgrounds. To democratize access to AI and ensure that all students are future-ready, these thoughtfully designed courses **offer foundational and applied knowledge**, regardless of prior background.

Available Courses:

- AI in Physics
- AI in Chemistry
- AI in Accounting
- Cricket Analytics with AI
- AI/ML using Python

We encourage you to help students make the most of this opportunity. These courses provide an excellent way for them to gain practical skills and enhance their academic profiles during the summer break.

Both students and faculty members can register for these courses.

We would greatly appreciate it if you could share this opportunity with your students and within your institute to encourage participation

Please find attached the course flyer and registration link.

Link to register: <https://swayam-plus.swayam2.ac.in/ai-for-all-courses>

If you have any questions or need clarification about the courses, please complete this Google form [HERE](#), and a member of the SWAYAM Plus team will get in touch with you.

Warm Regards,

SWAYAM Plus Team

Big Announcement!

AI for All

A New Era of Learning Begins

**This summer, SWAYAM Plus
is launching 5 innovative
AI - Powered courses
for everyone**

AI in Physics

AI in Chemistry

AI in Accounting

Cricket analytics with AI

AI/ML using Python

Registrations open now!
